

# WHITE POINT

Nature Center & Preserve |  
1600 W Paseo Del Mar

Come experience a native plant garden and nature center. Great for kids!

## ENGAGE!

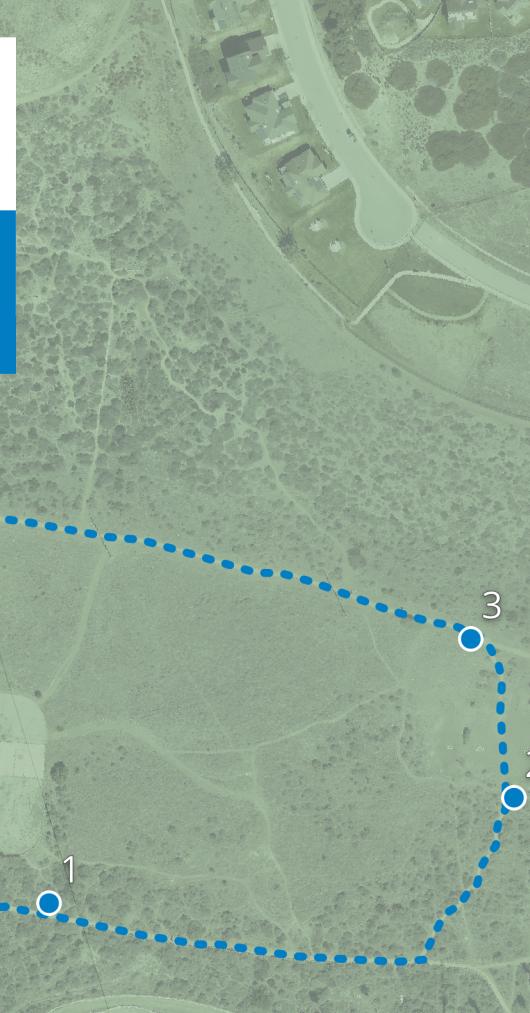

Describe all the colors you see as you walk through the native garden.

- 1) Sit next to the labyrinth. How many birds do you see? How many do you hear?
- 2) Visit each plant island. What are the similarities and differences?
- 3) Find all the vertical posts. How could you use the post to tell what direction you are looking?

# WHITE POINT

Nature Center & Preserve |  
1600 W Paseo Del Mar

Military history and nature combine at this former Nike missile site. Come see a grassland re-wild.

## ENGAGE!

1) Are there any animals using this old outbuilding? Look for evidence of insects.

2) Describe the difference between the plants in the preserve and the adjacent yards.

3) Sketch Catalina Island from this viewpoint.

4) What is growing in the concrete slab? Can you spot any animal burrows?
